

SOCIAL OUTREACH

THE DROP IN THE DESERT PROJECT

Location: Parana Brazil

Aim: To offer real social help – food, clothing and schooling to 20 street kids, growing to 40 kids

This project is headed by CCI Bassano and is aimed at helping Brazilian street kids find food, clothing, education and training in social skills. Many of the kids are homeless, without parents and heading into a world of drugs, abuse and prostitution.

We cannot solve every problem, but we want to bring hope and a 'Drop in the Desert'.

We have purchased a building which we are now going to convert into a school in April 2006. The projected costs to do this are € 7000.00. Can you help?

From rejection to hope

Our goal is to create an environment where kids feel loved, accepted and their presence is appreciated rather than despised.

One of CCI's members will be flying out of Brazil on 15th April for 2 months to supervise the first stages of the building project. This will be plastering the walls, fitting electrics, plumbing etc. It is estimated this will take about 2 months and she will stay there to ensure the work is carried out effectively.

This is how we want it to look.

If you can help in any way, please send a donation to CFC Holywood (mark Brazilian Project) on the cheque and send your donation to: George Adams, 10 Larch Hill Drive, Holywood, BT18 OJS.

We will keep you informed regularly of the progress in the project. Thank you.
